Weekly Learning Letter

Year One – Week Commencing 16th November 2026

This week in Year One…	*In Computing this week, we had our second visit to the computer suite to learn more about the different parts of a computer. We logged onto the computer and worked on our mouse control, looked at the keyboard and typed information about ourselves.* *Our art topic is printing and this week we have explored pop art. We have looked at the work of Anthea Bee and a selection of her Christmas cards. The children then experimented making their own press print tile.* *We have been really impressed with the children at the swimming pool. They have changed well and been confident to get in to the water.*
Maths	*In maths, we have been learning about shape. We learned the names of 2D and 3D shapes and sorted them into groups based on their different properties.*
English	*In English this week we have continued to look at our class text Knuffle Bunny. We have written sentences using adjectives, focusing on the use of capital letters and full stops. We have been looking in detail at the five main parts of the story, orally retelling the story and creating a story mountain.*
Phonics	*In phonics this week we have been revisiting all of our phase 5 phonemes that we learnt last half term, as well as focusing on this week's sound: ew, ue, u-e and the short 'oo' sound – u and oul. We have read different words and sentences containing these sounds and then applied this knowledge to our writing.*
This week's spellings:	*You will find this week's spellings have been stuck in your child's reading diary. Please help your child learn their spellings ready for their first Big Spell at the end of this term.*
Homework	*Read everyday and record in your reading record.* *Learn your spellings.* *Maths: Go on a shape hunt! Which 2D and 3D shapes can you find around your home?*
