|---|---|
| The Masked Reader revealed | <p>Make sure you join our celebration assembly today when all the masked readers will be revealed! Do you think you have guessed who they are?</p> |
| The Great Library Caper | <p>Watch Part 2 to find out if your stories have managed to convince The Reading Robber to return the books to our library! https://youtu.be/XZd6gDIS4M</p> |
| SeeSaw upload  | <p>Please upload your beautifully handwritten opening paragraphs for your teachers to see and maybe work out which book it is – they can give you their best guess answer and you can tell them if they are correct!</p> |
| English (x 50 minutes) | <p>Please follow the video lesson here: https://youtu.be/luZ9ki9g4b8 Don't forget that if the sound is muffled, you can click on the cc button on the YouTube controls and it will generate subtitles for you.</p> <p>The presentation slides have been saved as a pdf so that you can refer back to them if need be. If you would like to send in your excuses that you write (using past perfect!), then please do, especially if you think they would make your teachers laugh.</p> |
| Maths (x 45 minutes) | <p>There will be no live lesson today. Use the time in today's lesson to practise your maths fluency. Work through as many of the questions that you are able to. Please make a note in your planner of any that you are unable to do.</p> <p>Keep your maths skills sharp by playing https://www.bbc.co.uk/games/embed/guardians-mathematica?exitGameUrl=https%3A%2F%2Fbbc.com%2Fbitesize%2Farticles%2Fzn2y7nb Choose your topic and your level. Key topics you should practise are: Times Table Trials, Palace of Place Value, Addition and Subtraction Shire, Mysterious Mountains of Multiplication, Dark Tower of Division or Forest of Fractions and Decimals. These are all topics that we have covered in school.</p> |
| Mrs Whiter's Groups  | <p>Please join live lessons with Mrs Whiter:</p> <p>Reading - 9:00 - 9:30 Chicken School p18-19</p> <p>Maths - 10:30 - 11:00 Doubling & Halving booklet (no. 3) p58-66 & Mixed Questions booklet (no. 1) p36 (doubling & halving)</p>  |
| Reading (x 30 minutes) | <p>The next chapter of The Explorer is called Sardines: http://youtu.be/oggs8G4ofeE?hd=1</p> <p>In this part of the story, the children find something that really shouldn't be there. Write a short paragraph giving your ideas for why it might there. Challenge: use some of the causal and oppositional connectives such as <i>on the other hand</i> and <i>however</i>. (Think back to Autumn Term when we did balanced arguments!)</p> |

| | <p>One of Dave Brubeck's most famous pieces is called "Take 5". Can you listen to this piece of music - how many beats in a bar do you think this has?? (The clue is in the title of the piece!!) https://www.youtube.com/watch?v=PHdU5sHigYQ</p> |
| Independent Play Activity (1hr) | <p>Create 'lasers' to be dodged by tying or wrapping string/wool several times across one area. Can you creep through mission impossible style? Too easy? Make the gaps smaller! Maybe time yourself and see if you can beat that time?</p> <p>Make your parents a snack and a hot drink - or even breakfast or lunch.</p> <p>Next time you wash your hair, make punk hairstyles that reach for the sky!</p> <p>Take some photos of life learning at home with your family to remember all aspects of it: the funny, the irritating and the downright silly!</p> <p>Throw yourself an end of home learning party! Choose your favourite music, create some delicious snacks to munch on and party, party, party!</p> |
