## **Reading matters**

As well as building up fluency and reading independently, children in Year 4 still need the opportunity to read with an adult. We really want all our junior children to have a bedtime story – you are never too old to enjoy a bedtime story.

Not only is it a great way to settle into bed (and off those screens), but it is a great way to connect as well as explore new vocabulary. These are also great stories for you. After years of enduring Biff and Kipper, why not give yourself a treat with one of these books? Please choose a book from this list or the school library, local library or from a bookshelf at home to read together each night. Remember to record which book you have chosen in your child's planner.
