Weekly Learning Letter

Year One – Week Commencing 9th November 2026

This week in Year One…	*In PSHE, we talked about differences and celebrated how we might be different from our friends. We asked questions such as, 'What is your favourite colour?' and 'What is your favourite food?'. We recorded our differences on a Venn diagram.* *In Computing this week we went into the computer suite and learnt about the different parts of a computer. We logged onto the computer and worked on our mouse control, drawing an autumnal picture.* *We had another fantastic swimming session. The children were all very confident in the water and had a great time.*
Maths	*In Maths, we have been learning all about subtraction. We have been jumping back on a number line to subtract and building towers of amounts to calculate the difference. We have been recording our subtraction using number sentences e.g. 10 - 4 = 6*
English	*In English this week we have been looking at our new book Knuffle Bunny by Mo Willems. We drew a story map to help us remember all the parts of the story. We have also been practising writing sentences with adjectives and using words to describe when and where.*
Phonics	*In Phonics this week we have been revisiting all of our phase 5 phonemes that we learnt last half term, as well as focusing on this week's sound: ow, oe, o-e and other alternatives (o). We have read different words and sentences containing these sounds and then applied this knowledge to our writing.*
This week's spellings:	*You will find this week's spellings have been stuck in your child's reading diary. Please help your child learn their spellings ready for their first Big Spell at the end of this term.*
Homework	*Read everyday and record in your reading record.* *Learn your spellings.* *Have a listen to our story 'Knuffle Bunny' with your grown up. Can you tell them all about the story before you listen. What is your favourite part of the story? What do you think could happen next?* *https://youtu.be/MhZevR8NRe0*
